Medications

What do I pay?

Oral medications

Your plan covers Tier 1 oral anti-diabetic medications at a \$0 cost-share:

\$0

Glimepiride tab (1mg, 2mg, 4mg)

Glipizide tab (2.5mg, 5mg, 10mg)

Glipizide ER tab (2.5mg, 5mg, 10mg)

Metformin tab (500mg, 850mg, 1000mg, 500mg ER, 1000mg ER)

Pioglitazone tab (15mg, 30mg, 45mg)

If you are taking a single pill that contains multiple medications, your cost may be lower if you take your medications in separate pills instead of a single pill. For example, glipizide and metformin are available together in a single pill, but you may save money by taking glipizide and metformin in separate pills. Once your plan is active, you can price your medications at myuhc.com/exchange. If this saves you money, talk to your healthcare provider.

Hypoglycemia (low blood sugar)

Your plan covers certain medications that can help in a low blood sugar emergency:

Frequently asked questions

Which diabetic supplies are covered by my medical benefit?

In addition to prescription coverage, your plan's medical benefit may also cover some diabetic supplies, like continuous glucose monitors. Applicable cost-share may apply when you obtain your diabetic supplies through your medical benefit. Continuous glucose monitors, insulin pumps, and pump supplies are provided when clinical guidelines are met and when obtained from sources designated by your health plan. Call the phone number on your health plan ID card for more information.

Do I need to meet my deductible to get medications and supplies at \$0?

For the medications and products listed as \$0, even if your plan has a deductible and you haven't met it, your cost-share is still \$0 when filled at a network pharmacy.

What if my medication or diabetic supply requires a prior authorization or is not covered?

If your health care provider (doctor, nurse practitioner, etc.) determines you need a medication or product that requires a prior authorization or is not covered, they can let us know your medication is medically necessary and provide information about your diagnosis and medication history:

- Online: professionals.optumrx.com/prior-authorization
- Phone: **1-800-711-4555**

How can I save money?

- Choose a medication in a lower tier for your lowest cost options. If your medication is in a higher tier, you may pay more. Ask your health care provider if a lower cost medication can work to treat your condition.
- Check the price of a drug to find your lowest cost options at **myuhc.com/exchange**. For maintenance medications, ordering a 3-month supply may save you money.
- Check the manufacturer's website for savings programs or coupons.
